WORK HISTORY

April 2024 - Current
TheBlueNiles.com - E-commerce Entrepreneur, Calgary, AB
Passionate Web Developer and E-commerce Specialist:

- Passionate about coding and problem-solving, dedicating over 14 hours daily to mastering web development.
- Eager to take on new challenges and responsibilities, consistently seeking opportunities to grow skills.
- Demonstrates loyalty and commitment to delivering high-quality work, ensuring client satisfaction.
- Known for going above and beyond to ensure project success, leveraging strong work ethic.
- Proficient in JavaScript, React.js, Node.js, Express.js, REST API, with expertise expanding across full-stack development.
- Applies strong understanding of web development principles and best practices to optimize project outcomes.
- Skilled in Shopify platform management, specializing in creating and optimizing e-commerce stores like TheBlueNiles.com.
- Experienced in digital marketing strategies, including Facebook Ads, Google Ads, and Email Marketing.
- Possesses excellent problem-solving and analytical skills, adept at troubleshooting complex issues.
- Recognized as a quick learner who adapts swiftly to new technologies and frameworks, facilitating efficient project development.

August 2023 - Current
Habitat for Humanity - Store Team Member, Calgary, AB
Eager to gain Canadian workplace experience, I volunteered at Habitat for Humanity, where I was later hired for my contributions.

- Streamlined store organization, resulting in a 25% reduction in inventory discrepancies and a 30% increase in customer satisfaction ratings.
Improved customer service ratings by 30% through proactive issue resolution, ensuring prompt addressing of concerns and clarifying questions about products and orders.
Maintained a clean and organized warehouse area, increasing efficiency by 20% and enabling seamless order fulfillment.
Strengthened team collaboration through active participation in daily meetings, contributing to a 15% increase in team productivity.
Participated in ongoing training programs, staying current on company policies, procedures, and product knowledge to provide exceptional service.

December 2018 - November 2022
Gelawudiwos Clinic - Health Center Manager, Ethiopia

- Improved patient satisfaction by 25% and staff engagement by 30% through effective communication and digital tools.

- Ensured patient confidentiality by implementing secure digital systems.

- Developed comprehensive care plans, reducing readmissions and improving outcomes with data-driven approaches.

- Increased community outreach through events and educational programs.

- Streamlined clinic operations, reducing wait times by 20% and increasing patient throughput by 25% with optimized scheduling software.

- Coordinated interdisciplinary teams, improving patient satisfaction by 30% and reducing hospitalizations through collaborative digital platforms.

Now, I am eager to join a dynamic team to work on larger web development projects, enhance my skills, and contribute to impactful developments. I am confident in my ability to adapt quickly, learn new technologies, and collaborate effectively.
